

Trouble Light Systems

Bring help immediately to your production areas based on visual signaling and a horn alarm. Display includes three bright strobe-type lights whose color indicates the nature of the problem. Includes a downtime counter display that records length of time red light is activated. Audio alarm provides automatic signal on red and manual beeping on blue or yellow lights. Can be connected to a remote alarm (available separately) in maintenance, production, or supervisor's office.

SPECIFICATIONS/FEATURES

<u>Voltage:</u>	<u>160 VAC 60 HZ Single Phase</u>
<u>Display:</u>	<u>Bright red, yellow, and blue strobe lights</u>
<u>Activation:</u>	<u>On-off push buttons for each signal and horn and reset</u>
<u>Downtime Counter:</u>	<u>Records in seconds the amount of time the red light is activated until reset or light is turned off</u>
<u>Maintenance Box:</u>	<u>Optional, separately-priced, remote box indicates which signal has been activated and remains on until light is turned off at the source. Internal beeper simultaneously sounds an alarm.</u>
